DOING-GOODS.COM

We are Doing Goods,
the world's most lovable home accessory brand.

We are your home sweet home for all those imperfect and fun home accessories.
A veritable treasure trove of quirky curiosities and tantalizing textiles.

The Doing Goods spirit is young and adventurous;
the heart is full of love and laughs,
our minds are free yet focused.

100% handmade with love
in our workshops in India.

Why

We love being inspired by curiosities we stumble upon half a world away and using that inspiration to create our own fun-filled collection. We wish to bring a little happiness and cheer to people's lives near and far. As we grow this simple mission remains at the heart of all we do.

How

We can travel only so far and be inspired only so much. There comes a point when we must roll up our sleeves and get to work. Thankfully - while we doodle, and design at our headquarters in the Netherlands - we can rely on a great team of craftspeople in India. And thanks also to some hard graft and soft hearts the future is bright and full of promise.

Handmade with love,
Doing Goods
